HISTORY/FACTS/ISSUES:

On February 24, 2009, the Sumter County Board of County Commissioners approved the Local Certification Qualification Agreement with the Florida Department of Transportation (FDOT). The agreement facilitated the flow of ARRA "Stimulus" funds to the County. Subsequently, surplus monies were realized from the original allocation and \$2,710,808.00 was re-directed to facilitate improvements to C-476 East from US 301 to SR 471 and C-470 from Lake Panasoffkee Outfall Canal to SR 44. Design has progressed expeditiously and FDOT has forwarded Sumter County Public Works the individual project "Local Agency Program (LAP) Agreements" and the administrative checklists for execution.

The attached resolutions will authorize the Public Works Director to execute all LAP documents associated with these projects. Upon receipt of the documents, FDOT will execute and the ARRA "Stimulus" funds will be encumbered.
